

**CHRISTINA LAKE**  
CANNABIS CORP

Christina Lake Cannabis Corp is a leading Canadian outdoor cannabis cultivator and processor.

## About Us

Since 2020, we have operated a licenced cultivation, processing and research and development facility. CLC cultivates cannabis using strains specifically developed for outdoor cultivation, and countless centuries of combined experience have gone into fine-tuning the strains that we grow today. What makes our product naturally exceptional? Our location allows for an extended growing season, consistent breezes from the southern-facing valley, low precipitation and ample sunshine.

We're looking for a **Cultivation & Processing Technician** to join our team!

This is an excellent entry-level opportunity for individuals who are eager to learn and grow within the cannabis industry. This role offers a unique blend of indoor post-harvest processing work during the fall and winter, transitioning to outdoor cultivation and propagation activities in the spring and summer. If you like variety in your work and don't mind getting your hands dirty, this could be a great fit.

## What You'll Do

### Post-Harvest Processing (Fall/Winter)

- Carefully hand-trim dried cannabis flower using scissors and other tools
- Remove stems and excess leaves while maintaining product quality
- Weigh and track trimmed material with accuracy
- Clean and maintain tools, equipment, and workstations
- Follow all hygiene, safety, and compliance protocols (SOPs)
- Meet daily and weekly production targets

### Cultivation & Field Work (Spring/Summer)

- Assist with propagation tasks, including seeding, transplanting, and cloning
- Perform outdoor field work such as planting, watering, weeding, pruning, and harvesting
- Support general crop care and greenhouse maintenance

- Work outdoors in varying weather conditions
- Take direction from cultivation leads and maintain a clean, organized growing environment

### **We're Looking for Someone who:**

- Enjoys physical, hands-on work
- Able to lift up to 50 lbs, and stand for extended periods of time
- Appreciates working with plants and care about quality
- Is reliable, adaptable, and comfortable working both indoors and outdoors
- Is an active listener and kind in all situations
- Is a team player who can follow directions and takes pride in their work

### **Work Environment & Schedule**

- Work shifts may vary seasonally between indoor processing areas and outdoor/greenhouse settings
- Exposure to strong smells and PPE requirements
- Expected hours are 40 per week.
- Schedule may include weekdays and occasional weekends depending on the season
- Seasonal fluctuations in hours, workload, and tasks

We offer an hourly rate between \$25 and \$27 based on experience.

Job type: Full-time, Seasonal/Year-Round

Work Location: In person

If this sounds like the opportunity you've been looking for, we'd love to hear from you!
